Discussion Questions
Workplace of the Future

• Please briefly share where your organization is related to the new workspace model.
• What role, if any, have you had in the planning or execution of this transition?
• Have you encountered challenges or unintended consequences during or after implementation? How has your organization worked through those?
• What has worked well? What lessons have you learned?
• Is there any additional advice you would share with others based on your experience?
• If your organization has not moved in this direction, please share the reasons why and any future plans.
