

BOSTON COLLEGE LIBRARIES

STUDENT NEWSLETTER

Spring 2004

eResearch & eLearning Tools

Some of the eResearch and eLearning tools available to the Boston College community and supported through the collaborative efforts of the Offices of Information Technology (IT), Academic Technology Services (ATS) and the Boston College Libraries are

RefWorks a Web-based bibliographic citation management tool, **EndNote** a bibliographic management software program that assists users in collecting, organizing and presenting citations to articles, books, web sites and more, and

WebCT an integrated set of tools and utilities for developing and delivering interactive courses or course components over the Web. For more see: <http://www.bc.edu/libraries/services/ref-instruc/s-productivity/>

Congratulations Class of 2004!

One of your alumni privileges is the ability to continue borrowing books from the BC Libraries. For details go to: <http://www.bc.edu/libraries/centers/oneill/services/s-circservices/#alumni>

Finding Images Online

Finding an image for a presentation, report, or paper can be an arduous task. On the Bapst Library homepage is a resource that allows you to easily access images from many sources. It includes a specialized list for finding visual materials, like Project AMICO and the Library of Congress' American Memory Project. These are just a few, to see more go to: <http://www.bc.edu/libraries/centers/bapst/resources/s-images/>

Services for Persons with Disabilities in O'Neill Library

Our staff will make provisions as needed to help patrons with special needs enjoy full use of the Libraries' resources such as: Book Retrieval and Photocopying; Escort Services; Adaptive Equipment; and Reference Services. For more see: <http://www.bc.edu/libraries/centers/oneill/about/s-disabilities/>

How Do I...?

A new page that allows you to "Find", "Use", "Research", and "Connect" to the various features and functions of the libraries. Learn how to **Find Publications by BC Faculty**, or **Renew a Book**, or **Search Several Databases at Once**, or **Access Resources from Home**. For more see: <http://www.bc.edu/libraries/services/ref-instruc/s-how-to/>
