Organizations By Position Type

The following organizations are currently hiring for internship and/or full-time positions:

**Internship:**
- AstraZeneca
- Boston Children’s Hospital
- Commonwealth Care Alliance
- Dell
- Doble Engineering
- Earthwatch Institute
- Eh&E (Environmental Health & Engineering)
- EMD Group / Merck KGaA, Darmstadt, Germany
- Executive Office of Energy and Environmental Affairs
- Fast Enterprises, LLC
- General Dynamics
- Global Atlantic Financial Group
- HPR (Hyannis Port Research)
- Mars & Co
- Massachusetts Clean Energy Center
- Massachusetts Life Sciences Center
- Moderna
- New England Aquarium
- Novartis Institutes for Biomedical Research
- Ocular Immunology and Uveitis Foundation
- Tesaro
- TJX Companies, Inc., The
- Vertex Pharmaceuticals
- Willis Towers Watson
- Zoo New England

**Full Time:**
- Boston Children’s Hospital
- Competition Dynamics
- Dana-Farber Cancer Institute
- Dell
- Doble Engineering
- Earthwatch Institute
- Eh&E (Environmental Health & Engineering)
- EMD Group / Merck KGaA, Darmstadt, Germany
- Executive Office of Energy and Environmental Affairs
- Fast Enterprises, LLC
- Fosun Pharma
- General Dynamics
- Ginkgo Bioworks
- Global Atlantic Financial Group
- HPR (Hyannis Port Research)
- Management Solutions
- Mars & Co
- Meditech
- Moderna
- Northstar Recycling
- Novartis Institutes for Biomedical Research
- Ocular Immunology and Uveitis Foundation
- Oracle America, Inc.
- Peace Corps
- Proscribe, LLC
- Tesaro
- United States Public Health Service
- Veeva Systems, Inc.
- Vertex Pharmaceuticals
- Woodrow Wilson National Fellowship Foundation

ASTRAZENECA

We are a global, science-led biopharmaceutical business and our innovative medicines are used by millions of patients worldwide.

**INDUSTRY CLUSTER:** Healthcare, life and physical sciences  
**JOB/INTERNSHIP FUNCTIONS:** Analysis—data and statistics, communications—public relations, engineering, environment and sustainability, information technology—network administration/information systems, research—technical/scientific

BOSTON CHILDREN’S HOSPITAL

Since its founding, Boston Children’s Hospital has embodied a culture of innovation, driving research and clinical advances to new levels. Our commitment to partnerships—across disciplines, with nursing, with Harvard Medical School and other academic medical centers—makes us truly unique. We are home to the world’s largest research enterprise based at a pediatric hospital. We’ve created programs to take partnerships to the next level, focusing on collaborations that leverage and optimize the unique assets of each partner to yield an arrangement that is greater than the sum of its parts. Our Technology and Innovation Development Office (TIDO) and Innovation Acceleration Program (IAP)—provide a robust foundation for vibrant partnerships with industry and across the innovation community.

**INDUSTRY CLUSTER:** Healthcare, life and physical sciences  
**JOB/INTERNSHIP FUNCTIONS:** Healthcare—administration, healthcare—provider, research—technical/scientific

COMMONWEALTH CARE ALLIANCE

Commonwealth Care Alliance is a rapidly growing nonprofit organization providing integrated health care and social support services to people with complex medical needs. Our patients are seniors and persons with disabilities covered under Medicaid or both Medicaid and Medicare. Our innovative care model is nationally recognized for its effectiveness in improving health outcomes for these vulnerable populations. Our unique care model is empowering for our employees as well as our members. Whether you are clinical or administrative professional, all of us at Commonwealth Care Alliance receive the satisfaction of knowing our work truly makes a difference. We enjoy a company culture of passionate advocacy in a supportive work environment with opportunities for growth and learning.

**INDUSTRY CLUSTER:** Healthcare, life and physical sciences  
**JOB/INTERNSHIP FUNCTIONS:** Healthcare—administration

COMPETITION DYNAMICS

Competition Dynamics is an owner-operated economic consulting boutique devoted exclusively to economic research and testimony at the intersection of antitrust, intellectual property, and international trade. Intellectual Asset Management magazine recently noted that Competition Dynamics “analysis has a certain rigor that is hard to find elsewhere”. CD was founded in 2012 by Jonathan Putnam, an expert with over 30 years of experience with the economics of intellectual property, R&D, productivity growth, industrial organization and international trade.

**INDUSTRY CLUSTER:** Business services, consulting, management  
**JOB/INTERNSHIP FUNCTIONS:** Analysis—data and statistics, consulting—financial, consulting—technical, research—marketing/non-technical, research—technical/scientific

DANA-FARBER CANCER INSTITUTE

Since its founding in 1947, Dana-Farber Cancer Institute in Boston, Massachusetts has been committed to providing adults and children with cancer with the best treatment available today while developing tomorrow’s cures through cutting-edge research. Read about our history, our breakthroughs, and the resources that help us support the health of our neighborhoods and communities by visiting https://www.dana-farber.org/.

**INDUSTRY CLUSTER:** Healthcare, life and physical sciences  
**JOB/INTERNSHIP FUNCTIONS:** Project management, quality assurance, research—technical/scientific
DELL

Dell is a collective of customer-obsessed, industry-leading visionaries. At our core is a commitment to diversity, sustainability and our communities. We offer unparalleled growth and development opportunities for our team members. We believe that technology is essential for driving human progress, and we're committed to providing that technology to people and organizations everywhere, so they can transform the way they work and live.

**INDUSTRY CLUSTER:** Technology, start ups, entrepreneurship  
**JOB/INTERNSHIP FUNCTIONS:** Computer systems analysis and programming, financial services—insurance/risk management/actuarial, information technology—network administration/information systems

DOBLE ENGINEERING

Now in 110 countries, Doble Engineering Company has been helping clients in the electric power industry improve operations and optimize system performance for nearly a century. Doble Engineering Company offers diagnostic instruments, services, and the world’s premier library of statistically significant apparatus test results for the benefit of energy generation and delivery companies and industrial power users worldwide. Doble Engineering Company was acquired by ESCO Technologies Inc. (NYSE: ESE) in 2007. Doble continues to be operated as a stand-alone company.

**INDUSTRY CLUSTER:** Technology, start ups, entrepreneurship  
**JOB/INTERNSHIP FUNCTIONS:** Engineering

EARTHWATCH INSTITUTE

Earthwatch is an international environmental charity. We bring individuals from all walks of life together with world-class scientists to work for the good of the planet. The Earthwatch community continues to grow rapidly, with participation from members of the general public we call “citizen scientists,” to corporate employees, to educators and students. All bring their knowledge, passion, and experience to support our work, improve scientific understanding, and inspire change across all touch-points in their lives.

**INDUSTRY CLUSTER:** Education, non profit, social services  
**JOB/INTERNSHIP FUNCTIONS:** Fundraising/development, management—operations/production, sales/business development

EH&É (ENVIRONMENTAL HEALTH & ENGINEERING)

EH&É was established to provide businesses and institutions with innovative solutions for their environmental and engineering needs, and employees with a company they believed in. We have a team of over 85 hand-selected, highly-trained individuals united by their passion and enthusiasm for protecting people and the environment. Based in Newton, Massachusetts, EH&É serves clients across the country. While our company initially focused on indoor air quality, we quickly recognized that complete solutions to complex indoor environmental issues requires a multidisciplinary approach. EH&É evolved to meet that need. We’re a company made up of professionals with the right specialties that let us deliver a wide range of expertise to meet every need of every client.

**INDUSTRY CLUSTER:** Healthcare, life and physical sciences  
**JOB/INTERNSHIP FUNCTIONS:** Consulting—technical, engineering, environment and sustainability

EMD GROUP/MERCK KGAA, DARMSTADT, GERMANY

We are a global science and technology company with a passion for forward-thinking discoveries. We want to develop products and solutions for a better life. That’s why we take a closer look at things, ask questions and think ahead. We’ve been around for almost 350 years, yet the great majority of our shares are still held by the descendants of Friedrich Jacob Merck, the man who founded our company in Darmstadt in 1668. 50,000 employees in 66 countries work together with us on innovative solutions and the newest technologies in healthcare, life science and performance materials. From improving electronic devices with smarter materials to generating ultra pure water, testing the quality of food and drugs, and treating cancer, our company always promotes opportunities to break new ground.

**INDUSTRY CLUSTER:** Healthcare, life and physical sciences  
**JOB/INTERNSHIP FUNCTIONS:** Analysis—data and statistics, communication—social media, e-commerce/internet services, engineering, management—strategic planning, quality assurance, research—technical / scientific
EXECUTIVE OFFICE OF ENERGY AND ENVIRONMENTAL AFFAIRS

The Executive Office of Energy and Environmental Affairs seeks to protect, preserve, and enhance the Commonwealth's environmental resources while ensuring a clean energy future for the state's residents. Through the stewardship of open space, protection of environmental resources, and enhancement of clean energy, the Executive Office of Energy and Environmental Affairs works tirelessly to make Massachusetts a wonderful place to live, work, and raise a family.

INDUSTRY CLUSTER: Government, law, public policy
JOB/INTERNSHIP FUNCTIONS: Engineering, environment and sustainability, human resources/organizational development/staffing, information technology—network administration/information systems, law enforcement

FAST ENTERPRISES, LLC

Fast Enterprises, LLC is an industry leader in the development and installation of software for government agencies. In 1998 we forever changed the way government revenue agencies support their business with the introduction of GenTax®. This commercial off the shelf (COTS) solution has enabled many agencies to take advantage of package implementations, providing more cost efficient and fully functional software systems to our clients. We have expanded beyond tax and now do implementations for Motor Vehicle, Drivers License, Unemployment Insurance and Unemployment Benefit agencies. Much of the work at FAST happens on our client sites as part of the product implementation.

INDUSTRY CLUSTER: Technology, start ups, entrepreneurship
JOB/INTERNSHIP FUNCTIONS: Computer systems analysis and programming, consulting—technical, information technology—network administration/information systems

FOSUN PHARMA

Established in 1994, Shanghai Fosun Pharmaceutical (Group) Co., Ltd. ("Fosun Pharma"; stock code: 600196.SH, 02196.HK) is a leading healthcare group in the PRC. With the mission of persistently improving human health, Fosun Pharma’s business covers all key sectors of healthcare industry chain including pharmaceutical manufacturing and R&D, healthcare services, medical diagnosis and devices, as well as pharmaceutical distribution and retail. Fosun Pharma maintains a national recognized enterprise technology center and a highly capable international R&D team, with relentless efforts exerted on innovation and research of therapeutic areas including cardiovascular system, central nervous system, blood system, metabolism and alimentary system, anti-infection and oncology.

INDUSTRY CLUSTER: Healthcare, life and physical sciences
JOB/INTERNSHIP FUNCTIONS: Accounting—corporate accounting, human resources/organizational development/staffing, research—technical/scientific

GENERAL DYNAMICS

General Dynamics Mission Systems is a business unit of General Dynamics, the global aerospace and defense company. We are a leading provider of mission critical C4ISR systems across the land, sea, air, space and cyber domains. We have an established global presence in secure communications and networking, command and control systems, imagery sensors and cyber.

INDUSTRY CLUSTER: Technology, start ups, entrepreneurship
JOB/INTERNSHIP FUNCTIONS: Computer systems analysis and programming, engineering, information technology—network administration/information systems

GINKGO BIOWORKS

Our mission is to make biology easier to engineer. Ginkgo is constructing, editing, and redesigning the living world in order to answer the globe’s growing challenges in health, energy, food, materials, and more. Our bioengineers make use of an in-house automated foundry for designing and building new organisms. Today, our foundry is developing over 40 different organisms to make different products across multiple industries.

INDUSTRY CLUSTER: Healthcare, life and physical sciences
JOB/INTERNSHIP FUNCTIONS: Computer systems analysis and programming, engineering
GLOBAL ATLANTIC FINANCIAL GROUP

Global Atlantic Financial Group, through its subsidiaries, offers a broad range of retirement, life and reinsurance products designed to help our customers address financial challenges with confidence. A variety of options help Americans customize a strategy to fulfill their protection, accumulation, income, wealth transfer and end-of-life needs. Global Atlantic was founded at Goldman Sachs in 2004 and separated as an independent company in 2013. Its success is driven by a unique heritage that combines deep product and distribution knowledge with leading investment and risk management, alongside a strong financial foundation of over $50 billion in assets.

INDUSTRY CLUSTER: Financial services, accounting, real estate

JOB/INTERNSHIP FUNCTIONS: Financial services—insurance/risk management/actuarial

HPR (HYANNIS PORT RESEARCH)

HPR (Hyannis Port Research) is an innovative, award-winning provider of advanced capital market infrastructure (CMI) technologies. Our visionary technology strips away complexity and injects simplicity to drive results. Riskbot® and Softbot®, our flagship products, provide a global platform featuring low-latency Direct Market Access, Pre-trade and At-trade risk management. New products include low-latency data, real-time surveillance and reporting for regulatory compliance globally. Headquartered in Needham, MA, HPR is building tomorrow’s banking and capital markets infrastructure today.

MANAGEMENT SOLUTIONS

Management Solutions is an international consulting Firm whose core mission is to deliver business, risk, financial, organizational and process-related advisory services, targeting both functional aspects and the implementation of related technologies. We currently have a multidisciplinary team (functional, mathematical, technical and systems integration) of nearly 2,000 professionals. Management Solutions stands out for its high level of industry and functional specialization. Our consultants have the opportunity to develop personally and professionally through a broad range of competencies characterized by their strategic relevance and constant innovation.

INDUSTRY CLUSTER: Business services, consulting, management

JOB/INTERNSHIP FUNCTIONS: Analysis—data and statistics, consulting—financial, consulting—technical, information technology—network administration/information systems

MARS & CO

Mars & Co is a unique global player in the Strategy Consulting industry. Over the firm’s nearly 40 year history, Mars & Co has provided customized strategic and operational expertise to many of the world’s largest and most recognized corporations on an industry exclusive basis (i.e., we only work for one client per industry). Composed of over 200 consultants globally, our consultants have the opportunity to work across a broad variety of industries, business functions and geographies while benefiting from exceptional amounts of high-level client exposure and interaction. From our seven offices in North America, Europe and Asia, we continue to expand our roster of prestigious clients and develop some of the finest minds in the consulting industry.

INDUSTRY CLUSTER: Business services, consulting, management

JOB/INTERNSHIP FUNCTIONS: Consulting—management/strategy

MASSACHUSETTS CLEAN ENERGY CENTER

The Massachusetts Clean Energy Internship Program helps prepare the next generation of clean energy workers by funding internships for students and recent graduates at Massachusetts clean energy and water innovation companies. Since its inception in 2011, the Massachusetts Clean Energy Internship Program has placed thousands of students and recent graduates at clean energy companies across the Commonwealth, with hundreds of those interns going on to receive full or part-time job opportunities at their host companies. The program helps provide Massachusetts clean energy businesses with a talented pool of young professionals, with MassCEC providing stipends for interns during fall, spring and summer sessions.

INDUSTRY CLUSTER: Technology, start ups, entrepreneurship

JOB/INTERNSHIP FUNCTIONS: Research—technical/scientific, sales/business development
MEDTECH
MEDTECH has 39 years of experience as a leader and innovator in the health care information systems software industry, with more than 2,700 staff members and over 2,200 customers. We are a privately held organization and are one of the largest software companies in Massachusetts. Our customer base is concentrated in the United States, but extends throughout the world to Canada, England, Ireland and South Africa.

INDUSTRY CLUSTER: Technology, start ups, entrepreneurship
JOB/INTERNSHIP FUNCTIONS: Analysis—data and statistics, computer systems analysis and programming, consulting—technical, engineering, marketing—brand/product management, quality assurance

MODERNA
Moderna is a leader in the discovery and development of messenger RNA (mRNA) therapeutics and vaccines, an entirely new class of medicines that directs the body’s cells to produce intracellular or secreted proteins that can have a therapeutic or preventive benefit for both patients and healthy individuals. With its breakthrough platform, Moderna is creating mRNA medicines for a wide range of diseases and conditions, in many cases by addressing currently undruggable targets or underserved areas of medical need. Moderna is developing its innovative mRNA medicines for infectious diseases, immuno-oncology, rare diseases, and cardiovascular diseases, through solely controlled programs and collaborations with strategic partners.

INDUSTRY CLUSTER: Healthcare, life and physical sciences
JOB/INTERNSHIP FUNCTIONS: Information technology—network administration/information systems, research—technical/scientific
