Ways to Engage with Boston College Students

Post a Job or Internship
- bc.edu/EagleLink: The BC student job and internship portal
- UCANintern.com: Post internships for students at a consortium of top-tier schools nationwide

Serve as an Expert in Residence for a Day
Representatives hold office hours and meet individually with students to offer career guidance including:
- Resume / LinkedIn Profile Critiques
- Career Fair / Networking Event Preparation (Elevator Pitch / Career Fair / Networking Event Strategy)
- Practice Interviews (Behavioral, Case or Technical Format(s))
- General Career Advice

Students have the opportunity to learn about industries and career paths and receive individualized career advice. For our career partners, the program offers the opportunity to develop connections with talented BC students and raise your organization’s profile on campus. Expert-in-Residence dates are scheduled prior to Career Fairs, Networking Events, and throughout the academic year.

Attend a Career and Internship Fair
Connect with hundreds of students at one of our Career or Internship Fairs, including:
- Fall Career & Internship Fair
- Public Accounting Career Fair
- STEM Career Fair
- Nursing Day & Career Fair
- Education & Social Services Career Fair
- Spring Career & Internship Fair
- Just In Time Career Fair & Interviews

Host or Attend a Networking Event
- Major and industry specific
- Diversity Networking Reception
Host an Information Session or Participate in On-Campus Recruiting

Showcase your organization and available opportunities for interested students on campus.

Participate in Resume Critique & Practice Interview Nights

❖ Resume / LinkedIn Profile Critique Night is held at the beginning of each semester to help students fine-tune and polish their resume. Students are matched with experts to have their resume and/or LinkedIn Profile critiqued.

❖ Practice Interview Night is held at the beginning of each semester to help students improve their interviewing skills. Students have the opportunity to attend an Interview Skills Workshop facilitated by a Career Center staff member prior to participating in a practice interview. Students are matched with interviewers for a 30-minute behavioral, case or technical practice interview.

Host a Job Shadow

Typically a one or two-day experience, a job shadow is an opportunity for students to gain understanding of what a particular job entails, observe day-to-day business operations, and make connections. For employers, a job shadow can serve as an excellent opportunity to market your organization and develop connections with the BC Career Community.

Some suggested activities for your job shadow:

❖ Tour your organization
❖ Attend staff meetings
❖ Observe client interactions
❖ Conduct informational interviews and network with BC alumni and other employees
❖ Review current trends in the profession
❖ Explore potential career paths within the organization and the profession

Ask us about additional branding opportunities!

Registration is required for all events.
