Global Public Health Program Presents

Kelly McCrystal

Clinton Health Access Initiative (CHAI)

Maloney Hall Room 365
April 14, 12:30 -2:00 pm

Kelly McCrystal is the Executive Vice President of New Initiatives, Nutrition, and Maternal, Newborn, and Child Health. She is responsible for the development and launch of two multi-country initiatives to help governments reduce the incidence of chronic malnutrition and stunting in children under 5 years old.
