Summer 2019
Faculty-led programs and summer internships for professional, academic and personal growth
Each year, approximately 300 students participate in Boston College (BC) summer faculty-led programs and internships, allowing them to extend their learning on campus to an overseas destination while earning academic credit and building critical skills. Program offerings represent a range of academic subjects from art history to science in geographic settings spanning from Santiago to Hong Kong.

2019 Program Offerings

Art, Art History & Film

**Berlin: An Enduring Allure**
Berlin, Germany

Why go abroad during the summer?
- Fulfill requirements in your major/minor/core
- Earn grades toward your GPA
- Gain cultural competency and skills employers are looking for
- Explore a new culture with a BC professor, in a small class setting
- Fit an international experience alongside academic year commitments on campus
- Go abroad as early as the end of freshman year and any time before senior year
- No GPA minimum requirement

BOSTON COLLEGE
“Unlike my classes during the academic year, this one has the added bonus of giving the students the opportunity to immerse themselves in the art, culture, and life of one of my favorite cities. Together, we visit Berlin’s world-class museums, meet for discussions in outdoor cafés, and talk with some of the leading artists of the day.”

Mary Sherman, Professor, Art, Art History & Film
Internships
An internship abroad affords students the opportunity to develop skills that are highly valued in careers in both the public and private sectors, including:

- Intercultural competency & awareness
- Global perspectives
- Foreign language proficiency
- Adaptability
- Problem-solving skills
- Communication skills
- Increased confidence and initiative

Eight-week summer internship programs are offered in:

- Dublin
- Hong Kong
- Madrid
- Paris
- Prague

“What really sets my experience apart from those of dozens of other applicants is the fact that I interned in a foreign country. It shows that I can adjust to new and different environments well. It also demonstrates my ability to communicate and work with people from very different backgrounds.”

2017 Dublin Internship participant
