Welcome New International Students!

On behalf of the Office of International Students and Scholars, congratulations on your acceptance to Boston College! As an international student at Boston College, you are joining a community of nearly 2,900 international students, scholars and their family members from more than 90 countries around the world. We hope that you will find Boston College a welcoming place and your home away from home. This guide has some of the basic information you will need as you prepare for your time at BC. PLEASE BRING THIS GUIDE TO THE U.S. to use as a resource until you are given additional information at International Orientation.

> **Undergraduate Students**: August 20-22, 2019

What is an “IA”? Undergraduate students will be matched with an International Assistant (IA). IAs are international and U.S. upperclassmen who serve as mentors to new undergraduate international students. They will serve as a support network while you adjust to Boston College & life in the U.S. and will organize social activities throughout the year. Your IA will be in contact with you prior to your arrival.

**Required English Writing Assessment**: An English Writing Assessment will be given to all students whose first language is not English during Session 7 of First-Year Orientation. The results of the assessment will determine your placement into core English courses during freshman year. More information regarding the English Writing Assessment, please contact Lynne Anderson, Director of English Language Learning, at lynne.anderson@bc.edu.

Applying for a Visa

We recommend that you schedule an appointment at the nearest U.S. Embassy or Consulate as soon as possible. The website of your particular Consulate or Embassy can be found at http://www.usembassy.gov/. Select the city and country where you will apply for a student visa to learn what the procedures are for your particular consulate. Information about student visas will be listed under the “non-immigrant visa” section. You can also find information regarding your visa application at the U.S. Department of State website at http://travel.state.gov/. Please note that Canadian students do not need to apply for a visa.

*Requirements can change frequently. Be sure to check with your consulate or embassy for details!

- Certificate of Eligibility: I-20 or DS-2019 form

  *The form can be filled out prior to your appointment by downloading it from your consulate’s website or at https://ceac.state.gov/genniv/

Required SEVIS (I-901) Fee Payment:
ALL NEW students and exchange visitors are required to pay a SEVIS (I-901) fee to the U.S. Department of Homeland Security PRIOR to applying for an F or J visa. Effective June 24, 2019, the I-901 fee for F-1 visa applicants will increase from $200 to $350 and the fee for J-1 visa applicants will increase from $180 to $220. If you pay the I-901/SEVIS fee before June 24, you will not have to pay the higher fee, even if your visa appointment is after this date. You must take the receipt with you to the visa interview. Proof of payment includes an internet receipt, Western Union Receipt, or a mailed receipt. Canadian students will be required to show this receipt at the port of entry. This fee is in addition to any other visa fees you will be required to pay.

The Western Union receipt serves as proof of payment when you go to the U.S. Consulate. As of April 15, 2014 students are required to fill out Form I-901 at www.fmjfee.com prior to visiting Western Union.
- **Payment by mail:** (NOT recommended) You can download the PDF form at www.fmjfee.com. The form must be completed and mailed to the U.S. address indicated on the instructions. You must wait for the receipt to be mailed to you by airmail. Courier service is provided at an additional fee. Note: The following students and scholars DO NOT pay the SEVIS fee:
- Dependents (spouses and children)
- Continuing students
- F-1 students transferring between schools or on Optional Practical Training
  *Line #3 of your I-20 will state “transfer pending”
- J-1 exchange visitors transferring between programs in the same exchange visitor category
Tips for a Successful Visa Interview

1. **TIES TO YOUR HOME COUNTRY.** Under U.S. law, all applicants for nonimmigrant visas, such as student visas, are viewed as intending immigrants until they can convince the consular officer that they are not. You must, therefore, be able to show that you have reasons for returning to your home country that are stronger than those for remaining in the United States. "Ties" to your home country are the things that bind you to your home town, homeland, or current place of residence including a job, family, financial prospects that you own or will inherit, investments, etc.

2. **ENGLISH.** Anticipate that the interview will be conducted in English and not in your native language. One suggestion is to practice English conversation with a native speaker before the interview, but do NOT prepare speeches!

3. **SPEAK FOR YOURSELF.** Do not bring parents or family members into the interview room with you. The consular officer wants to interview you, not your family.

4. **KNOW THE PROGRAM AND HOW IT FITS YOUR CAREER PLANS.** If you are not able to articulate the reasons you will study in a particular program in the United States, you may not succeed in convincing the consular officer that you are indeed planning to study, rather than to immigrate. You should also be able to explain how studying in the U.S. relates to your future professional career when you return home.

5. **BE BRIEF.** Because of the volume of applications received, all consular officers are under considerable time pressure to conduct a quick and efficient interview. They must make a decision, for the most part, on the impressions they form during the first minute of the interview. Keep your answers to the officer's questions short and to the point.

6. **ADDITIONAL DOCUMENTATION.** It should be immediately clear to the consular officer what written documents you are presenting and what they signify. Lengthy written explanations cannot be quickly read or evaluated. Remember that you will have 2-3 minutes of interview time, if you're lucky.

7. **NOT ALL COUNTRIES ARE EQUAL.** Applicants from countries suffering economic problems or from countries where many students have remained in the U.S. as immigrants will have more difficulty getting visas. Statistically, applicants from those countries are more likely to be intending immigrants. They are also more likely to be asked about job opportunities at home after their study in the U.S.

8. **EMPLOYMENT.** Your main purpose in coming to the United States should be to study, not for the chance to work before or after graduation. While many students do work off-campus during their studies, such employment is incidental to their main purpose of completing their U.S. education. You must be able to clearly articulate your plan to return home at the end of your program.

9. **DEPENDENTS REMAINING AT HOME.** If your spouse and children are remaining behind in your country, be prepared to address how they will support themselves in your absence.

10. **MAINTAIN A POSITIVE ATTITUDE.** Do not engage the consular officer in an argument. If you are denied a student visa, ask the officer for a list of documents he or she would suggest you bring in order to over come the refusal, and try to get the reason you were denied in writing.

Common Visa and Immigration Questions

How far in advance can I apply for my F or J visa?
You cannot be issued a visa more than 120 days prior to the start date on your I-20 or DS-2019 form.

When can I come to the United States?
You cannot enter the United States more than 30 days prior to the start date on your I-20 or DS-2019 form. If you try to enter any earlier, you could be refused entry at the border. If you have transferred your immigration form from another school in the U.S. and have a “transfer pending I-20”, you are not subject to the 30 day rule.

Do I need a visa if I am a Canadian Citizen?
Citizens of Canada are NOT required to obtain a U.S. visa to enter the United States. However, a U.S. immigration official will inspect your documents upon entry. You must have proof of Canadian citizenship, your Certificate of Eligibility (I-20 or DS-2019 form), proof of SEVIS fee payment and proof of financial support. Make sure your documents are marked F-1 or J-1 D/S upon entering, especially if you are driving into the U.S.!

What if I have received an I-20 or DS-2019 form from another school?
DO NOT enter the United States using a college or university’s I-20 or DS-2019 form if you do not intend to enroll at that school. If you have been admitted to more than one school, you MUST enter the U.S. using the I-20 or DS-2019 for the school you plan to attend.

What if I am unable to attend BC or decide to attend another school?
You MUST inform your BC admissions office and the OISS immediately so that your I-20 or DS-2019 form can be cancelled. You CANNOT enter the U.S. using your BC immigration form if you plan to attend a different school!

What if I am in the U.S. in a status other than F-1 or J-1?
Please contact the OISS immediately to discuss your current status. Those in B-1/B-2 or F-2 dependent status cannot start classes until their change of status to F-1 student or J-1 exchange visitor is approved by the Immigration Service.

What if I am going to another school in the U.S. before I come to BC?
You should obtain an I-20 from the FIRST school you will attend. When you are done with your program at the first school, you must request to have your I-20 record transferred to BC. OISS will then issue an I-20 for your BC program of study. If you have received an I-20 or DS-2019 form from BC and will be attending another school first, please notify the OISS immediately.

What if I recently attended another school in the U.S. in F-1 or J-1 status, or was recently working in the U.S. on Practical Training (F-1) and Academic Training (J-1)?
Your I-20 or DS-2019 must be electronically transferred from your previous school to BC. F-1 students must request this from their current school within 60 days of the program end date. J-1 students must request a transfer within 30 days. Please contact OISS for more information about this process.

Can I enter the U.S. using my tourist visa or tourist waiver (sometimes known as ESTA)?
NO!!! You will have to leave the country and re-enter in the appropriate status. You will not be allowed to study until you re-enter in the correct status.

What do I have to do with my immigration documents when I arrive at Boston College?
You must come to the OISS with all of your immigration documents NO LATER than Friday, September 6th. This is an immigration requirement! Please bring your passport and your I-20 or DS-2019 form.
Arriving in the U.S.

Documents Needed to Enter the U.S.:

**DO NOT pack these in your checked baggage!**

1. Passport with F or J visa stamp (Canadians are exempt from visa)
2. ORIGINAL I-20 or DS-2019 form
3. Evidence of financial support

**Arrival by plane:**
At the U.S. border, an immigration official will review the visa in your passport, as well as your I-20 or DS-2019 form. The border official should:

- Inspect your original I-20 or DS-2019 program dates and F-1 (or F-2 dependent) or J-1 (or J-2 dependent) visa.
- Stamp your passport with the date of entry, and write “F-1” or “J-1” and “D/S” on the stamp. D/S means “duration of status.” **If the immigration official does not write F-1/J-1 or D/S, politely remind them!**

**Note:** Upon entry, an electronic I-94 record will also be created for you as a record of your immigration status. OISS does NOT need a copy, however, you should keep a copy for your own records. **You can print your I-94 record at https://i94.cbp.dhs.gov.**

**Arrival through a land/driving border:**
**Note:** At the U.S. border, you will receive an I-94 card with the stamp “F-1” or “J-1” and “D/S” for “duration of status.” The I-94 card is a usually small white card stapled into your passport by the immigration official. Although it may appear insignificant, this card determines your immigration status in the U.S. and costs $330 to replace! Be very careful with this document!

**REQUIRED OISS IMMIGRATION CHECK-IN**
This is an immigration requirement! You must come to the OISS with all of your immigration documents NO LATER than Friday, September 6th. Please bring your passport and your I-20 or DS-2019 form.

### Getting to Boston College from Boston Logan Airport

Directions to Boston College can be found at [https://www.bc.edu/offices/oiss/incoming/pre/getting.html](https://www.bc.edu/offices/oiss/incoming/pre/getting.html).

Logan International Airport is the closest airport to Boston College. The most common types of transportation used from the airport are taxis (including ride-share services such as Uber or Lyft), hotel shuttle buses, and the public transportation system. For more information regarding transportation at the airport, visit [www.massport.com](http://www.massport.com).

**Taxi:**
Taxis can be found at the Ground Transportation area outside each terminal. Fare to downtown Boston will cost about $35, while fare to Boston College will cost about $50, depending on traffic and the time of day. For good service, it is customary to tip about 15% in addition to the fare.

**Free Public Transportation (The “T”):**
Take the Silver Line Train to South Station and transfer to the Red Line Train heading towards Park Street Station. From there, take the Green Line - B Train to Boston College. Stay on the train until the end of the line. For a faster route, you can pay $7.50 (credit/debit card only) for a Logan Express bus from the airport to Hynes Convention Center Station. At Hynes, take Green Line - B Train to Boston College Station. One-way fare on the “T” is $2.75. More information on using public transportation is listed on page 6.

**Shared Vans and Hotel Shuttles:**
Many van companies offer shared van service to area hotels. Although it may take you a little bit longer to arrive at your destination, it is typically much cheaper, especially if you are traveling on your own (around $15 per person). If you are staying in a hotel, call the hotel or visit their website for information about shuttle services.
Public Transportation

Massachusetts Bay Transportation Authority (MBTA) www.mbta.com
To ride the subway, you can use a free rechargeable card called a “Charlie Card.” Cards are reloadable and offer discounts. When using a Charlie Card, subway fares are $2.25, instead of $2.75 when using cash. You can get a Charlie Card at certain major stations (Downtown Crossing, North Station, and South Station), and many local convenience stores. Money can be added to the Charlie Cards at most underground stations or online. Regular monthly passes, or subway/local bus passes, can be purchased online or in major stations. Local bus fares are $1.70 when using a pass, or $2 when using cash.

Discounted Semester-long “T-Passes” https://www.bc.edu/offices/stserv/mbta.html
Boston College students are eligible to purchase MBTA passes for the semester at an 11% discount. Passes must be purchased for the entire semester in advance by credit card only and must be picked up at Student Services. Passes offer unlimited rides during the semester. The deadline to purchase passes for fall semester is typically in early June, but has not yet been announced for Fall 2019. Please continue to check the Student Services website for details.

A variety of different passes and transit routes are available. Please make your decision and purchase carefully. Double check the routes you anticipate needing to travel to insure that the pass you purchase allows for your intended route. There is absolutely no cancellation, refund, or changing pass types after a purchase is made. The MBTA does not allow changes. Contact Student Services for more assistance with purchases, or the MBTA for information about routes.

Employment

On-Campus Employment:
⇒ **Undergraduate Students:** If you are transferring from another U.S. university or are an exchange student, you may be eligible to begin working your first semester. All other incoming freshmen will NOT be eligible to work until their second semester.
⇒ **Graduate Students:** If you have an assistantship or have attended a U.S. university prior to BC, then you are eligible to begin working your first semester. If not, you will need a letter from your academic department stating that you are capable of working in addition to your studies in your first semester. (Graduate School of Management students are allowed to work first semester without a letter from their department.)
⇒ **Jobs are posted on the Student Services website at [www.bc.edu/offices/stserv/](http://www.bc.edu/offices/stserv/)**
All international students MUST receive permission from OISS before any work on-campus. You are eligible to work up to 20 hours per week while school is in session and full-time during breaks.

Off-Campus Employment:
Working off-campus requires permission from the Immigration Service and must be DIRECTLY related to your degree. In most cases, students are not allowed to work off-campus until they have been a full-time student in the U.S. for a full academic year. Please consult the OISS for more information.

***IMPORTANT! ALWAYS remember to consult the OISS BEFORE considering any employment, especially any work off-campus. Working without permission can have VERY serious consequences for your immigration status!***

Health Care

**Health Insurance Information** [www.bc.edu/uhs](http://www.bc.edu/uhs)
All international students are automatically enrolled in the Boston College Student Injury and Sickness Insurance Plan under Blue Cross Blue Shield. **You are covered under the policy from August 7th - August 6th, 2020.** (Note: J-1 students must also meet additional Department of State insurance requirements.)

**Getting Your Insurance Card** [www.bc.edu/offices/stserv/](http://www.bc.edu/offices/stserv/)
Insurance cards will be mailed to your on-campus or U.S. address in August. Make sure you have updated your LOCAL address in Agora if you live off-campus!

**What if I need to go to the doctor before the card arrives?** Go to the BC Health Services website and find the contact information under “Medical Insurance 2019-2020.” You can find a participating doctor on the website and print out the contact information to give to the doctor’s office.

**Waiving Your Health Insurance** [www.bc.edu/offices/stserv/](http://www.bc.edu/offices/stserv/)
International students are NOT allowed to waive their BC health insurance.

**Immunization Requirements** [www.bc.edu/offices/uhs/forms/immunization/](http://www.bc.edu/offices/uhs/forms/immunization/)
Contact Health Services at [uhs@bc.edu](mailto:uhs@bc.edu) or 617-552-3225 for more details. Forms are due by the start of classes on August 26th. Please contact Health Services for more information if required vaccines or tests are not available in your home country.

**Why am I frequently asked for a Social Security Number?**
- SSNs are ONLY given for employment purposes. You cannot apply for an SSN unless you have secured a job and have obtained a work permission letter from OISS.
- Although many institutions, such as landlords, banks, or cell phone companies, will ask for an SSN for ID purposes, by law you are not required to have one. Tell them that you are not eligible.
- **Note:** The identification number given to you by BC is NOT an SSN. It should not be given out to anyone!
- For more information, visit [www.ssa.gov](http://www.ssa.gov).

***IMPORTANT! ALWAYS remember to consult the OISS BEFORE considering any employment, especially any work off-campus. Working without permission can have VERY serious consequences for your immigration status!***
Phone Calls and Introduction to Boston

Mobile/Cell Phone Companies
Most cell phone companies have 1-2 year contracts. Students who are studying in the U.S. for a semester or academic year may want to purchase a pre-paid plan which is offered by all companies except for Sprint. Please be aware that many companies charge high deposit fees for students without a Social Security Number (See page 9 for details). AT&T and Verizon typically have the best coverage in the Boston area. However, T-Mobile does not require a deposit or SSN. If you are unhappy with the T-Mobile service, you may have 30 days to cancel your plan and change to another service provider.

Sprint: [www.sprint.com](http://www.sprint.com) *No prepaid plans*
T-Mobile: [www.t-mobile.com](http://www.t-mobile.com)
Verizon Wireless: [www.verizonwireless.com](http://www.verizonwireless.com) (Please note that Verizon does not support SIM cards, so if you have a phone you are bringing from home you will not be able to use it with Verizon.)
CampusSIMS: [www.campusSIMS.com](http://www.campusSIMS.com) (A free SIM card is available for international students at OISS. Please note that CampusSIMS is not affiliated with BC and is a private company.)

City of Boston

[Boston](http://www.cityofboston.gov) is the capital of Massachusetts and the largest city in New England, with a population of over 500,000. It is considered a “college city” with a student population of over 200,000 students from all areas of the United States and the world representing over 50 colleges and universities. Living in Boston will give you an excellent opportunity to experience one of the oldest cities in the U.S. and to get a first-hand glimpse of American history. Many of the most important events of the American Revolution and the founding of this country took place in or around Boston, and historical monuments and museums can be found all throughout the city. There are museums, performances, restaurants, bars, clubs and sporting activities to suit every interest and taste.

**Climate** “If you don’t like the weather, just wait a minute! It will change!”
Weather in New England can be variable and unpredictable. There are four seasons with distinct weather conditions: autumn (also know as “fall”), winter, spring and summer. The most enjoyable weather is typically the spring months of April - June when flowers bloom and temperatures are moderate and the early fall from September - early November. Summers can be very hot and humid. The coldest and snowiest months are January and February.
