

ROOM ELIGIBILITY CODES

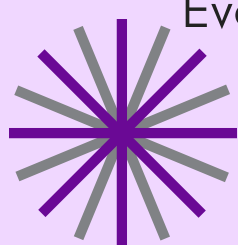

ELIGIBILITY CODES

Eligibility codes are used within the group selection process to create the most fair process possible.

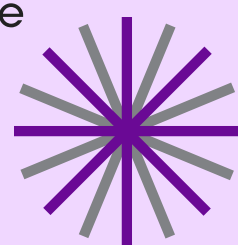

INDIVIDUAL ELIGIBILITY CODES

Every eligible student is given a number code base on their current class standing as follows:

Juniors = 1 Sophomores = 2

First Years = 3

GROUPING

Students form groups to go through group selection, you can only be in 1 group or 1 blocked group at a time. Your group category is found by adding up each group members eligibility code.

The group will need a **Group Leader**, the person who is responsible for selecting housing for all group members. The Group Leader will need every group members **Eagle ID** to register them for the group.
