Volunteer and Service Learning Center Program Learning Outcomes

**BC BIGS**

Students who participate as mentors in BC BIGS will be able to:

1. articulate at least one area of personal development that reflects a growing empathy for others.
2. provide evidence of the positive impact of the mentoring relationship on the LITTLE.
3. provide one example of a way in which they are expanding their understanding of a social issue because of their relationship with their LITTLE.

**First Year Service Program**

By participating in the First Year Service Program, students will be able to:

1. articulate at least one thing they have learned about themselves as a result of their service experience.
2. identify at least two social issues or challenges that they encountered in their service through the FYSP.
