Payroll Form Statement

I understand that as a Graduate or Undergraduate Student at Boston College, or as a Non-BC Student working at Boston College, I may not work more than 20 hours per week during the academic year, and that this is an aggregate limit that applies to all compensated work at Boston College, whether I have one position or more than one position. I also understand that I may work more than 20 hours (but less than 30) per week between semesters and during school breaks. During the summer I may work more than 30 hours per week (but no more than 40 hours), but any period during which I average 30 or more hours per week may not exceed 12 weeks.
