Final Exams

Best wishes for a happy holiday season!

Actuarial Science Club Launch

Are you interested in the intersection of math, business, and risk, and would like to know more about the field of actuarial science? Are you already interested in actuarial science, but not sure where to go on campus for resources? Would you like to participate in the leadership activities required for launching a pre-professional club? Students interested in an actuarial science club on campus are looking for other
interested students and potential club leaders for the next semester. If any of this interests you or you have any further questions, please reach out to Jack McErlane at mcerlea@bc.edu.
