**Various Positions ~ Waltham, MA**

*Education Development Center (EDC)*

**Research Associate**  
**Co-Director, Science and Math Programs**

EDC is one of the world's leading nonprofit research and development firms. EDC designs, implements, and evaluates programs to improve education, health, and economic opportunity worldwide. Collaborating with both public and private partners, we strive for a world where all people are empowered to live healthy, productive lives.

**Research Director ~ Boston, MA**

*Panorama Education*

Panorama is on a mission to radically improve student outcomes by helping educators act on data. We're working toward a world where every student has great teachers, great schools, and a great education. Thousands of schools use the Panorama Platform as an important tool for improving education through data, from helping teachers hone their practice, to engaging with families, to building school culture, and beyond. Panorama is rapidly growing: today, more than three million students receive a better education because of Panorama, and we hope to serve many millions more students in the coming years.
**Associate Director for Science and Learning ~ Cambridge, MA**

*Harvard University*
*Faculty Club*
*Derek Bok Center for Teaching and Learning*

The Bok Center seeks to continuously improve teaching and learning at Harvard by supporting experimentation, innovation, and evidence-based practices. The Bok Center supports all faculty, graduate students, and undergraduates in offering transformative learning experiences based on extensive training and support for their teaching, experimentation and innovation in all learning environments, and rigorous assessment of effective teaching and learning practices.

**Chief Research Officer ~ Toronto, Canada**

*Peel District School Board*

At the Peel District School Board, everything we do is designed to help all students achieve to the best of their ability. We have the incredible opportunity to inspire a smile in each student. Our collective, daily efforts make a positive difference in the lives of our students, their families and the world. Guided by our mission, vision and values, we build positive places for learning and working...together.

**Research Analyst ~ Largo, MD**

*Prince George's Community College*
*

*ACT*

Our programs are designed to boost lifelong learning and potential for success in schools and workplaces around the world. We're passionate about making a difference in all we do. Whether it's guiding students along their learning paths, enabling companies to develop their workforce, fostering parent, teacher, and
Director of School Culture ~ Northwest Indiana

*Lighthouse Academies*

We've built a national network of schools working relentlessly to prepare students for college. We focus on locations with the greatest need, representing the greatest challenge. We are making a difference - due in large part to our arts-infused curriculum, which engages students in a more impactful way and encourages creativity of thought in academic pursuits. But academics is only half the story. Our conscientious approach to social development prepares students to adapt and thrive in the face of life challenges.

Associate Research Scientist ~ Leawood, KS

*Ascend Learning*

Ascend Learning is a leading provider of technology-based educational, curriculum and assessment solutions for the healthcare industry and other vocational fields. Ascend is renowned for delivering solutions that result in higher-performing student results at a lower cost, from nursing to allied health and fitness training to OSHA compliance training and insurance. Ascend employs more than 900 employees in 35 states. Customers range from schools of nursing to institutions of higher education, corporate health and wellness organizations and major Fortune 500 insurance companies.

Operations Research Scientist ~ Lakewood, CO

*Pacific Metrics*

Pacific Metrics is a research-based technology company specializing in education assessment. State departments of education, government agencies, and commercial businesses entrust Pacific Metrics to help them develop and implement their testing programs. Our portfolio of products and services includes advanced online testing systems, world-class psychometric research, automated scoring and reporting, and technologically advanced content development.
Age of Learning

Age of Learning blends education best practices, innovative technology, and insightful creativity to bring learning to life for children across the U.S. and around the world. Our flagship product, ABCmouse.com Early Learning Academy, is the leading and most comprehensive online early learning resource for children ages 2-7. Our content provides young learners, their families, and teachers with highly engaging and effective learning tools and a standards-aligned curriculum that builds a strong foundation for academic success.

Senior Statistician ~ Melbourne, Australia

State Government of Victoria (Australia)

The Victorian Government is responsible for public schools, health, policing, roads and traffic, public housing and business regulation. The core Victorian Public Service agencies employ over 36,000 staff. There are 33 public service agencies (or administrative offices) and 230 public sector agencies. These have been set up to manage statutory functions or operate as commercial enterprises in Victoria. Government is a key stakeholder or a source of funding for these agencies. More than 265,000 people are employed across the whole Victorian Government public sector.

ERME Related Professional Opportunities (Seminars, Workshops, Publication, etc.)

**Stats Camps 2016 ~ Albuquerque, NM**

**Early Bird Deadline for Registration:** April 22nd

**Week 1 Courses:** June 6-10

**Week 2 Courses:** June 13-17

Stats Camp is an internationally recognized award winning educational event focused on advanced statistical training at the graduate and post-graduate level. Each year full week-long Stats Camps and 2.5 day Mini Camps are held at various locations throughout the world. Stats Camp courses are highly relevant to current trends and practices in modern statistical analysis. Most courses offer practical "hands on" instruction to get students up to speed fast and maximize knowledge takeaway. All Stats Camp Instructors are vetted and selected from the very best in the field. Most are recognized innovators in the field of advanced quantitative methods.

More information available [here](http://www.statscamp.org).

**Call for Proposals for the 2016 NERA Conference**
As a regional affiliate of the American Educational Research Association, NERA invites proposals for our annual meeting spanning all areas of educational research. We welcome proposals from new and experienced researchers and will consider both completed and in-progress research. We will continue to use the online proposal submission system, which should be open from the beginning of May through June 3rd. The attached Call for Proposals contains general requirements for NERA proposals as well as specific guidelines corresponding to our session formats.

More information available here.

DATIC Registration Open

DATIC, founded in 2003 by David A. Kenny, offers professional development summer workshops in a variety of modern data analytic techniques. All workshops are geared toward researchers who wish to utilize these techniques in their own work. The maximum enrollment for all DATIC week-long workshops is 24 students, which allows for personal contact with the instructors and a great deal of hands-on learning.

More information available here.

Career Horizons Newsletter

Career Horizons, a recruiting company for the educational research field, provides resources for both companies looking to hire new employees, as well as potential candidates looking for employment. They regularly produce a newsletter with relevant job opportunities, employment tips, and other helpful bits of information related to the job search. For more information or to subscribe to the newsletter, click here.
