Monday, May 16 - Views and Hues

Hike
6:30 a.m., meet at TML parking lot
RSVP to Chris Ryan SJ (frryan@bc.edu) by Friday, May 13 and let him know if you have a car or are seeking a ride.
Coordinator: Chris Ryan, SJ

Mount Monadnock stands alone above southern New Hampshire at an elevation of 3165 feet. It's said to be one of the most climbed mountains in the world, along with Mt. Fuji in Japan. We'll ascend to the summit, and may even be able to see the Boston skyline (70+ miles away) if it's a clear day.

We'll meet in the TML parking lot and depart at 6:30am for the 2-hour drive to the mountain. Bring plenty of water, any snacks you may want (for yourself and/or to share) a good pair of hiking boots, comfortable socks, and other gear appropriate for the weather. You may want a windbreaker for the summit area, which is above treeline. It's a roundtrip hike of nearly 4 miles, or about 3 hours.

After the hike, we can take a side trip to the town of Harrisville to get lunch from the general store for a picnic in the picturesque town center. We should arrive back in Boston between 4 and 5pm, in plenty of time for those who wish to attend the Art Night that evening.

The number of spaces depends on the number of drivers. Please RSVP to Chris Ryan SJ (frryan@bc.edu) by Friday, May 13 and let him know if you have a car or are seeking a ride. If the weather's really bad, a decision to cancel will be communicated by Sunday, May 15.
